To,

Re.: Implementation of GST

Dear Sir,

Namaste!

As we all are aware the **Goods and Services Tax, or GST** has been implemented in our country from today. This is major reform for us and will need much understanding and adapting. In order to better understand GST, we have attached a brief along with this letter.

If you have any questions with regard to the new tax system of GST, we request you to email or post us your queries. We will do our best to answer all your questions at the earliest.

In order to comply with the requirements of GST we have to update our records and systems. To that end, find attached a customer form. Kindly fill out the form and send it to our office at your earliest.

We hope to meet any challenges along the way side by side with you and assure you of our continued support. We hope that we will continue to grow together and achieve many milestones together.

With warm regards,

(For Swadeshi Textiles Pvt. Ltd.)
